Let the building begin!

We are currently half way with the fundraising and are hoping to reach the full amount later this year.

We have enough funds for the tower area, so we’re very excited to start this part of the project in September.

The two small side rooms will be levelled and become one large meeting room and the upstairs room will be turned into a small, beautiful space for one to one sessions or very small groups. Various groups in the community have already expressed interest in using that tower area.

Meanwhile various large and small bids have been submitted so we’re hopeful that more funds will come in soon.

We can’t wait to welcome people in for a community café; more seasonal family activities like the St Nicholas Lantern Festival and the Easter Egg Hunt; tea and dance sessions; an after school drop in; parent and toddler sessions; music sessions and befriending sessions to name but a few.

Many people have also said how much they value the deep peace and beauty of the building, to sit quietly, pray, or light a candle, so we are looking forward to having the building open far more often for people.

Have you been to our Community Breakfast yet? Every Monday and Wednesday during term time and every weekday during holidays: 9 – 10am.

Sainthood of John Henry Newman

This Autumn John Henry Newman will be made a saint, which is tremendously exciting for our church.

As John Henry Newman had our church built, it will be in the spot light of the world around that time. In Littlemore he converted from the Anglican Church to the Roman Catholic Church. So watch the news to see if Littlemore is on it when the time comes.
Sponsored Walk to Canterbury

Felicity and Ian Blair will be walking from Winchester to Canterbury Cathedral from 29th July – 11th August in aid of the Newman Meeting Place project. Do look on our website for more information. You can sponsor them, join them for part of the walk or welcome them to Canterbury Cathedral...
